### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the claimed method and apparatus including steps of adsorption process gas purification to remove gaseous transition metal impurities with a furnace to expose, contain, or dry or dope a soot perform is not found in the prior art either singly or in combination. These features are found recited in the alternative in each of independent claims 1, 18, and 29. The closest prior art reference is considered DeLuca (US 3,933,454), cited in this action, which discloses forming a soot perform with flame hydrolysis to form and optical fiber waveguide, but does not address metal impurities. The most relevant non-patent literature reference is considered reference AS cited by the applicants and the most relevant foreign reference is considered reference AM, also cited by the applicants in the June 30, 2003 information disclosure statement. Other prior art references cited in this application contain one or more elements of the claimed invention, but are not considered to disclose the necessary motivation or combination suggestion to obviate the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
